

## 2018 Point-in-Time Summary Report

This point-in-time count was conducted between noon on January 23<sup>rd</sup> and noon January 24th. It was led by members of the Continuum of Care from various agencies and colleges affiliated with ARCH and the COC. An extensive search of known encampments and likely camps was made in conjunction with the standard shelter count. Almost everyone counted was invited to take part in the survey. No one was excluded from the interview without just cause and no one was coerced by team members to participate in the survey. This report was compiled by Joy Drinnon at Milligan College. **For more information about the demographics or for additional analyses please contact her at [jdrinnon@milligan.edu](mailto:jdrinnon@milligan.edu).**
