***** The S&R committee will rely on statistics provided in the HMIS system to find the numbers that will be used in these formulas. Therefore, all providers should consult their data entry into HMIS (and other systems) to insure accuracy BEFORE the S&R committee meets and uses those numbers. Failure to bring an error in the data base, in writing, to the S&R committee's attention BEFORE the S&R committee meets will constitute acceptance of the data in the HMIS system and waiver of any grievance based on that data.**
