2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.

Abuse Alternatives, Inc. began providing emergency residential services to victims of domestic violence and their children in April 1980. For thirty eight years the agency has operated an emergency residential crisis shelter for victims of domestic violence and their children in addition to other core services which include: information and referral, transportation to all appointments to assist them in locating permanent housing, medical appointments, and their children to school if the child attends school outside of the shelter school district, 24/7 crisis hotline & shelter. Outreach services are also provided victims requesting services other than shelter due to fleeing the domestic violence , but residing with a friend or family member temporarily until permanent housing is obtained. Outreach services include support group, information and referral, assistance with food and clothing needs, and transportation to appointments to obtain permanent housing and other necessary appointments such as medical.

Staff housed in the residential facility consists of the Shelter/Client Services Director, Case Manager and Children’s Program Coordinator. The residential facility is staffed 24/7. In the evenings the Night Staff Supervisor is available to assist clients. All three of the day staff that work directly in the residential facility are there to see that all needs of clients are being met by doing daily case management. They provide ongoing risk assessment and safety planning with all clients who are victims of domestic violence, dating violence or sexual assault victims. If the client works or has appointments during the day and the day staff are unable to make contact with the client then the staff on duty at night does case management in the evening when the client returns to the residential facility.

One of the major resources available to clients is transportation. The majority of clients entering the residential facility do not have transportation of their own so they depend on staff to transport them to all necessary appointments necessary to secure permanent housing, medical appointments, job fairs, employment interviews, educational classes, where ever they need to go in order to meet their goals and secure permanent housing as soon as possible.

2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.

The agency currently receives grant funding from the State of Tennessee and the Commonwealth of Virginia and is knowledgeable in utilizing federal funds and the restrictions/guidelines that are associated with funding sources and the time limitations of such funding. In previous years the agency received ESG funds and met all restrictions and limitations associated with the funding. All grant funding received from the State of Tennessee and the Commonwealth of

Virginia requires a match amount from the agency and this requirement is met through private donations received from the community, United Way funds, and foundation and corporation funds received.

3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.

The agency is a non-profit, 501c3 organization that is overseen by a Board of Directors. The day to day operation of the agency is overseen by the Executive Director who reports at least monthly to the Board of Directors if not more frequently. The Executive Director supervises all staff including but not limited to the emergency residential facility. The Shelter/Client Services Director supervises all emergency residential staff and reports the Executive Director. Outreach Advocates are directly supervised by the Executive Director as is the Financial Coordinator. All staff in a supervision role submit monthly reports to the Board of Directors reporting on the number of clients served in the previous month and type of service provided. The Financial Coordinator is responsible for reporting monthly to the Executive Director and the Board of Directors the financial status of the agency by submitting Income and Expense reports. The Treasurer of the Board of Directors reviews the Income and Expense reports and then gives a verbal report at the monthly Board of Directors meeting and answers any questions member of the Board of Directors may have about the finances of the agency. The current Treasurer is a CPA and has vast knowledge of the agency as he has been associated with the agency for the last twelve years. The agency also has yearly audits performed by an outside auditing firm and undergoes fiscal audits by the State of Tennessee and Commonwealth of Virginia on grant funding received from them. The agency has accounting policies that is adhered to by the Executive Director and Financial Coordinator to ensure an adequate financial accounting system.

4a. Are there any unresolved monitoring or audit findings for any HUD grants(including ESG) operated by the applicant or potential subrecipients (if any)? No

2. Project Name: Abuse Alternatives 2018 DV Bonus

5. Does this project use one or more properties that have been conveyed through the Title V process? No

6. Is this new project application requesting to transition from eligible renewal project(s) that were awarded to the same recipient and fully eliminated through reallocation in the FY 2018 CoC Program Competition? (Section II.B.2. and Section III.C.3.q. of the FY 2018 NOFA). No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

The agency is dedicated to assisting victims of domestic & dating violence, sexual assault & stalking. Clients residing in the shelter receive supportive services. Clients are assessed individually and staff begins case management on a daily basis if needed, otherwise weekly. Services offered include but not limited to counseling, securing and coordinating services, evaluating progress, information & referrals, risk assessment & safety planning. Services are individualized and include a goal of securing permanent housing free from abuse. The majority of clients are not employed, therefore, employment assistance and job training programs are offered in house and by referral. Clients are taught resume writing skills and given assistance with filing applications. Life skills such as budgeting, money management and parenting skills are also taught. Referrals are made for legal, mental health and outpatient health services. Housing is a huge obstacle for DV survivors. Approx. 40% or more have criminal or housing backgrounds (evictions, owe money, etc.) that keep them from being eligible for most income-based housing. It is rare that we have a client whose income allows him/her to afford private housing due to the majority receiving disability or working a minimum wage job. Therefore, it is nearly impossible for them to afford private housing & expenses. When we do have survivors who are able to get into public housing or other income-based housing, they begin to realize they can make it on their own, apart from their abuser. Once clients residing in the shelter are stabilized and ready for permanent housing they are referred to Appalachian Regional Coalition on Homelessness (ARCH) to apply for RRH or Permanent Supportive Housing. The decision of which housing they are eligible is determined by ARCH Coordinated Entry and the client seeking services. Funds to purchase a new van, gas and insurance is requested. Transportation is provided for all clients who does not have transportation, which is the majority. Transportation is provided to all necessary appointments including housing, medical, employment, job interviews & trainings. Although, ARCH's office is 59.8 miles round trip, transportation is provided so clients can apply for RRH or PH. The current van is 14 yrs. old and averages traveling 2,000 miles per month transferring clients. The van needs major repairs and if it completely stops operating the agency will no longer be able to provide transportation to any clients. Outreach clients who obtain permanent housing and need assistance, will be assisted with groceries. Funds to assist residential and outreach clients with co-payments for outpatient health services is requested. Clients needing outpatient health services are referred to community resources and most require a small co-payment. Funding is being requested to purchase a washer & dryer.

2. For each primary project location or structure in the project, enter the number of days from the execution of the grant agreement that each of the following milestones will occur as related to CoC Program funds requested in this project application. If a milestone is not applicable, leave the associated fields blank. If the project has only one location or structure, or no structures, complete only column A. If multiple

structures, complete one column for each structure.

Note: To expend funds within statutorily required deadlines, project applicants must be able to begin assistance within 12 months of conditional award. The one exception is for applicants who are conditionally awarded sponsor-based and project-based rental assistance. These conditional award recipients will have 24 months to execute a grant agreement; however, HUD encourages all recipients conditionally awarded funds to begin assistance within 12 months. The estimated schedule should reflect these statutorily required deadlines.

Projects serving households with children or youth must have a staff person that is designated to ensure children or youth are enrolled in school and connected to the appropriate services within the community. Reminder: failure to comply with federal education assurances may result in Federal sanctions and significantly reduce the likelihood of receiving funding through the CoC Program Competition.
